- Worked within the Emergency Paediatric Unit (EPU).
- Participated in drug dispensing activities.

PHARMACY & RESEARCH SKILLS

Pharmacology • Clinical Pharmacy • Toxicology • Drug Mechanisms • Scientific Literature Review • Academic Research • Scientific Writing • Research Presentation • Critical Analysis

TECHNICAL SKILLS

Python • Pandas • Matplotlib • Data Analysis • Machine Learning • Bioinformatics

RESEARCH INTERESTS

- Pharmacology and molecular drug action
- Pharmacogenomics and personalized medicine
- Drug discovery
- Artificial intelligence and machine learning in healthcare
- Computational biology
- Biotechnology

ACHIEVEMENT

Academic recognition for outstanding performance in Pharmacology at the 300-level.
